Wendell Baby Dies After 2-Car Rural Collision on Road in Gooding County

WENDELL, Feb. 16.—A 7-week-old infant girl died at St. Benedict's hospital, Jerome, Wednesday night of injuries received in a rural intersection collision about an hour earlier five miles south and three miles west of here on the Bob Barton highway. Sherry Lynn Rogers, daughter of Mr. and Mrs. Elwin Ray Rogers, Wendell, was rushed to the hospital after the 1952 Ford her father, 19, was driving collided with a 1952

Chevrolet driven by Benjamin Lemmons, 45, Buhl, about 5:30 p.m. Mrs. Rogers was admitted to the hospital for multiple bruises but attended said she would be released today. Rogers was treated for head lacerations and dismissed and Lemmons was treated by a Buhl physician for chest injuries. Sheriff Keith Anderson, investigating officer, said apparently the

Cassia School Unit Told to Levy Tax

BOISE, Feb. 16 (UPI)—The Idaho supreme court today ordered that a peremptory writ of mandate be issued directing the Cassia county commissioners to make a tax levy requested by school district No. 151.

The school district filed application for a mandate commanding the commissioners to levy a tax on all taxable property in the county to raise \$83,537 for the school emergency fund.

The commissioners did make a levy of three mills upon the portion of the school district situated within the county boundaries but declined to make such levy county-wide.

The high court held that the school district was entitled to have its request complied with "since the county school emergency fund is a county fund and all school districts within the county would be entitled to share in it according to their respective needs."

The unanimous opinion was written by Judge E. T. Knudson.

Stove Mishap Fatal To Heyburn Woman

HEYBURN, Feb. 16.—Mrs. Amelia Sorenson, 80, was burned to death Wednesday afternoon in her Heyburn home after her clothes apparently caught fire when she fell against a unit on her electric kitchen stove, which had been turned on high. She was alone at the time of the accident, which occurred between 2:15 and 4:45 p.m., while her husband, J. W. Sorenson, was visiting neighbors. He told officers that when he returned home at 4:45 he found her in a hallway leading from the kitchen to the bathroom.

Minidoka county Coroner Robert C. Walk said Mrs. Sorenson was "burned extensively," and death apparently was caused by the burns. It was reported she was in poor health.

Walk said, in reconstructing what happened, it was decided she had fallen against the unit, causing her clothes to catch fire.

After pouring water from the kitchen sink over her clothes, she apparently tried to get more water from the bathroom, but was overcome in the hall.

Sorenson told officers that when he found his wife most of her clothes were burned and the rug and walls of the hall were scorched.

Walk said Wednesday evening there would be no autopsy or inquest. Assisting the coroner was Minidoka county Sheriff Theo Johnson and State Patrolman Marvin Snyder, Burley.

Mrs. Amelia (Milly) Sorenson was born Nov. 10, 1880, at Richmond, Utah. She attended schools in Richmond and Cove, Utah. On March 4, 1908, she was married to L. W. Sorenson in the Salt Lake City LDS temple. They lived in Richmond until 1922 when they moved to Heyburn.

She had resided here since. Mrs. Sorenson was active in the LDS church, a member of the Relief Society Stake Board for 11 years when the Minidoka Stake first was organized. She worked in the Sunday school, Primary and MIA.

Surviving, besides her husband, are a daughter, Mrs. Leland (Maurine) Thaxton, Heyburn; four sons, Seldon Sorenson, Emerson; Laurel Sorenson, Murtaugh; Merlyn Sorenson, Boise, and Ned Sorenson, Merced, Calif.; three sisters, Mrs. Clara Johnson, Richmond; Mrs. Matile Rich, Meridian, and Mrs. Julia Kirby, Boise; a brother, Milton E. Bair, Burley; 18 grandchildren, and 10 great-grandchildren.

Funeral services will be held at 1 p.m. Saturday at the Heyburn LDS chapel with Bishop Stevens officiating. Last rites will be held in the Riverside cemetery under the direction of the Payne mortuary, Burley.

More Dairies Urged as Aid To Prosperity

JEROME, Feb. 16—Charles A. Hill, St. Louis, Mo., agricultural manager of the Pet Milk company, told Magic Valley Chamber of Commerce members Wednesday evening that dairying is a sure method of increasing the prosperity of Magic Valley. Hill spoke at a valley-wide Chamber of Commerce meeting at Wood's cafe, Jerome.

Hill said that in the three counties—Gooding, Jerome and Twin Falls—there are 4,000 farms, of which 2,000 have cows.

"If half of the remaining farms started milking the average number of cows, over one and one-half million dollars revenue would be realized and all of the business—

Okay Manager's Service Pending

POCATELLO, Feb. 16 (UPI)—Funeral services are pending today for John Durbin Buehler, 51, old-general manager of the Okay Food Center chain who died Tuesday night.

The cause of death was not immediately determined. However, Buehler underwent surgery for a brain tumor recently in Salt Lake City.

Buehler was born Feb. 28, 1909, in Ogden, Utah. He bought the O. P. Skaggs stores in Pocatello 12 years ago and consolidated them into his present chain. He was also affiliated with the Wyz Buy stores in Idaho Falls and Blackfoot, started the Okay food centers in Twin Falls and was a board member of Associated Food Stores, Inc., Salt Lake City.

Funeral services will be held at 1 p.m. Saturday at the Heyburn LDS chapel with Bishop Stevens officiating. Last rites will be held in the Riverside cemetery under the direction of the Payne mortuary, Burley.

WASHINGTON, Feb. 16 (UPI)—A treasury spokesman said today the department had no objection to the plan of a Santa Monica, Calif., bank to sell silver dollars for 98 cents. Aubrey E. Austin, Jr., president of the Santa Monica bank, said the bank was offering the cut rate dollars today and tomorrow as part of a city-wide dollar day.

U.S. Fires "Poor Man's Rocket" in Half Success

WASHINGTON, Feb. 16 (UPI)—The United States put up a 12-foot balloon type space vehicle to 150,000 feet. The trial was a big league test for the Scout rocket, a major reliance of this country in the space race with Russia.

By that time the sphere, hurled

from the national aeronautics and space administration's station at Wallops Island, Va., should have been far into its second trip around the planet.

Just over half an hour after that, space agency officials said the satellite is lost but we still do not know whether or not it went into orbit.

NASA officials said they had confirmed that the fourth stage

of the "poor man's rocket" which had gone into orbit.

The trial was a big league test

Success would mean two U. S.

Achievement of using a launching vehicle using the cheaper and easier-to-handle solid propellants that would eliminate many of the headaches of earlier launches.

Successful placement of a satellite in orbit from a launching site other than Cape Canaveral, Fla., or the Pacific missile range on the Southern California coast.

It would stay aloft anywhere from a few weeks to a year—and be visible to the naked eye at times.

Balcony Fight Disrupts U. N. Debate

Feud Between Benson, Smylie To Be Put Before Legislators

BOISE, Feb. 16 (UPI and AP)—The house state affairs committee voted on partisan lines today to introduce a bill which would permit state agencies to refuse the legal advice of the attorney general. The bill will pass squarely before the legislature, which is controlled by the Republican party, the two-year running feud between GOP Gov. Robert E. Smylie and Democratic Attorney General Frank L. Benson. Rep. H. Grant Gardner, R., Payette, chairman of the state affairs committee, confirmed that the bill came from the governor's office.

"He has some very strong feelings about it," Gardner said, "which are not based on partisanship but an orderly conduct of government. It is unfortunate the present situation has arisen and I personally think it can only be rectified by legislation because we are dealing with very strong-willed individuals."

He said Democrats, in a minority on the powerful committee, fought to keep the bill from being introduced and added he found it "understandable the Democrats would want to protect one of their Democratic officials."

Specifically, the bill—when it enacted into law—would end the battle between Smylie and Benson and several of administration controlled agencies and Benson over legal representation. Only a year ago last month, the supreme court ruled that the highway board had authority under the act which created it to pick its own legal counsel.

Benson, however, has challenged the right of this attorney, William R. Padgett, to represent the highway board or department before the courts.

Educational forces pushed vigorously in the Idaho legislature yesterday for more public school funds even as the house sent to the floor unchanged a senate-approved appropriation six million dollars short of their demands.

The house also defeated a proposed constitutional amendment which would have given the schools a share of motor vehicle tax money now earmarked for highways.

John Brandt, Nampa, president of the Idaho School Trustees association, headed a group of more than 100 trustees who met with legislators from their own counties in an effort to boost the state's appropriation beyond the \$3 million dollars now proposed.

The \$3 million dollars was approved by the joint finance-appropriations committee as part of its \$79.3 million dollar general fund operating budget for the two-year period beginning next July 1. That compares with \$76.6 million dollars in the current biennium, including \$27 million dollars for the schools.

The senate approved the \$3 million dollar appropriation last week and the bill will be up for final consideration in the house tomorrow under normal procedure. The house appropriations committee announced yesterday a "do pass" recommendation for the bill.

Brandt says his association wants the state to pay 50 percent of the total operating costs of the

Vance Dies

HOMOSASSA SPRINGS, Fla., Feb. 16 (UPI)—Clarence Arthur (Dazzy) Vance, 69, a member of baseball's Hall of Fame, died today at a hospital in this fishing resort community 100 miles north of Tampa.

But David, whose mother was 24 when he was born, has six grandmas, none of whom was more than 24 at the time his succeeding ancestors were born.

The council estimated the economic loss at 13.4 billion dollars. It covers both fatal and nonfatal accidents, the council said in reporting that more than nine million persons were injured in accidents in 1960. It said one of every 10 persons in the nation incurred a disabling injury last year.

Although accidental deaths last year were one per cent higher than in 1959, the death rate per 10,000 persons dropped to 61.7, compared to the previous record low of 62.2 in 1959. The council attributed the drop to a per cent increase in population.

Motor vehicle accidents, as in previous years, was the No. 1 killer, with 38,200 deaths, the biggest toll since 1957 and compared to 37,010 in 1959.

Home accidents—poisoning, fires, burns and firearms—ranked second-to-last—with 27,500 fatalities.

THE TIMES NEWS

New Congo Government On Horizon

UNITED NATIONS, N. Y., Feb. 16 (UPI)—Informed sources reported today that the United Nations conciliation commission in the Congo had persuaded the political factions of President Joseph Kasavubu and of the late Patrice Lumumba to join in a federal government. Secretary-General Dag Hammarskjold summoned members of his Congo advisory committee, comprising representatives of countries with contingents in the U. N. Congo force, to a private meeting at 2 p.m. (EST).

Sources said the meeting was called to consider a "very encouraging" report from the conciliation group of African and Asian countries which has been working for several weeks to a year—and

to a private meeting in the Congo under the chairmanship of Ambassador Jaja Wachuku, Nigeria.

The committee was said to have

reached agreement by Antoine Gizza, political heir to Lumumba, to join a federal system of

government based on President Joseph Kasavubu's regime which is headed by Premier Joseph Ileo.

The encouraging development

was reported shortly after Guinea

calling for Secretary-General Dag Hammarskjold's resignation, told the security council the U. N. must choose between "Africa and its executioners."

But despite the hopeful development a new chapter with possibly tragic consequences was unfolding in the Congo. As of this moment it finds four African nations, Yugoslavia, Indonesia and communist East Germany aligned with Moscow in recognizing the pro-Soviet regime of Gizza as the "legitimate" government of the Congo.

Of the many severe tests to

which the United Nations has been

put in the Congo crisis, this is

perhaps its most severe. It could

determine whether the week of Feb. 13, 1961, is to mark final de-

liberation of the U. N. as a force

for world peace, just as today the

death of the League of Nations is

dated from its refusal to act

against Mussolini's invasion of

Ethiopia.

For the action of the seven gov-

ernments, along with Russia, is a

repudiation of the U. N.'s demo-

cratic processes and, in effect, en-

dorses both the threat of Soviet

intervention in the Congo and Ni-

kita Khrushchev's own personal

campaign to oust Dag Hammarskjold as the U. N.'s secretary general.

Hammarskjold yesterday defied

Soviet attempts to oust him and

struck hard at the "very many

member nations which have not

accepted the limits put on their

national ambitions by the very ex-

istence of the United Nations . . ."

Book Display Reported for Area Library

BURLEY, Feb. 16.—A collection of valuable and rare books are on display at the Burley public library, states Mrs. Harry Warnke, librarian.

The display includes an original Hebrew Bible and a Greek Bible belonging to the Rev. Kenneth Beall, minister of the Burley Presbyterian church; a Swedish Bible, Mrs. Carl Schrock; Welsh Bible, 1700, Mrs. Kales Lowe; the King family Bible, 1871; Mrs. Herman King, and a leather bound copy of the Bible-enclosed-in-carved mother-of-pearl which was brought from the Holy Land by Mr. and Mrs. Ray Reid. The last supper is carved on the front cover and a nativity scene on the back.

Other books include an old atlas showing Idaho as a territory, old German medical book, surveying book, 1891, all belonging to the library; autographed copy of the "Life of Elbert H. Gary"; early edition of Robert Burns; autographed book "Home by the Bering Sea"; Mitchell, and a McGuffey's reader and an autographed copy of John Martin's book, all belonging to Mrs. King.

The display was arranged by Mrs. Lowe.

During a meeting of the library board Tuesday evening members of the art department of the Friends of the Library discussed making a file of pictures that could be checked out by students to help with their school work. They would include pictures of different events of history as well as topics on social studies. Members of the community present were Mrs. John Brooks, Mrs. Bob Deters, Mrs. W. I. Duff and Mrs. Fred Nelson.

Mrs. Delmers reported on a state library meeting she attended in Boise. The library now has a colorama film viewer which may be checked out by teachers, Mrs. Warnke reported.

Each month the library will receive a different set of colored pictures for \$3.00 and they have signed up for the program for a year. The group this month is on dinosaurs.

Another item which may be checked out by teachers or instructors is called the "visible man," which is a plastic human form about 18 inches high with all the internal parts of the body as well as the bone structure which may be assembled, the librarian stated.

A 27-minute film on heart surgery will be shown at the library three different times Saturday, Feb. 25. The free movie is being shown in connection with the heart fund drive being conducted the last of the month, it was reported.

public school system. That figures out for the next biennium at about \$39 million dollars as the state's share.

Brandt said his group also has endorsed a sales tax as the most logical method of raising the funds needed.

Sen. K. O. Barlow, R., Cassia, chairman of the joint finance-appropriations committee, called his group to meet in what he said would be its final session. He said it would hear persons "who have legitimate requests" for changes in their proposed appropriations.

The bill repealing the \$10 "head tax," sent to the floor after 10-day Democratic slowdown, was put on the senate second reading calendar for today and will be up for final consideration tomorrow.

Sen. J. Ray Cox, Jr., D. Koopert, the Vandals' leader, calling attention to the position of the bill, urged that all senators be present for the Friday debate on this important measure."

The controversial bill, already approved by the senate, which bans the use of trading stamps, with some exceptions, after July 1, likely will be up for final consideration in the house Monday.

Rep. William J. Lanting, R., Twin Falls, chairman of the house insurance, banking and public utilities committee, said his group hopes to send the measure to the house floor Friday. That would put it on second reading, under normal procedure, Saturday and final reading Monday.

More than 125 farmers and their representatives walked into Gov. Robert E. Smyle's office yesterday in an effort to secure passage of a farm labor right-to-work law, which has already passed the senate.

Those present said Smyle told them he never prejudged a bill and would consider his action on the measure if and when it reaches him. The bill, which specifically forbids labor contracts making union membership mandatory, is awaiting consideration by the house.

John Sanborn, Hagerman, legislative committee chairman for the Idaho Farm Bureau, said, "Idaho farmers will keep coming here until this bill is passed."

\$6,930 Coming

SALT LAKE CITY, Feb. 16 (UPI)—For more than 38 years Mrs. Ada M. Bachelder didn't know she was entitled to collect \$15 a month from the state of Utah because she is the widow of a civil war veteran.

When she finally found out in 1958, the 82-year-old Salt Lake City woman asked the state to start paying. It was 1959 before the checks started arriving.

But a member of the state house of representatives did some fast figuring and decided Mrs. Bachelder, whose husband served as a shipbuilder for the Union Army in 1865, has \$6,930 coming.

He introduced a bill to get at least part of the money back.

Buhl Baptist Church Has Special Rites

BUHL. Feb. 16—"The church is stronger today than it ever has been in America before," stated the Rev. Glenn D. Hammer when he addressed the congregation in a service Tuesday evening at the First Baptist church here.

Fish First in Markets for Lent Season

By The Associated Press
Fish is first in many supermarkets and neighborhood groceries this weekend, reflecting the start of Lent.

Halibut steak is the spread in New England, the New York metropolitan area and the Midwest, while other favorites include scallops, shrimp, haddock fillet, smelts and frozen fish sticks.

Seafood Prices Higher

Seafood prices are reported 35 per cent higher than a year ago, partly because unusually cold weather is keeping fishing boats locked in ice at some ports.

Eggs are 12 to 16 cents a dozen more expensive, with increases of two to four cents a dozen a week adding to the spread. Eggs were down two cents in the Far West, however.

Another Lenten staple, rice, is in plentiful supply.

Frying chickens and top or bottom roasts of beef are popular items. Sirloin steak is offered in a few places, reflecting lower prices while ribs of beef and pork chops are more costly in scattered sections.

Potatoes Are Bargain

Potatoes head the outstanding bargains list among fresh vegetables. Other best buys include Florida celery, broccoli, cabbage, cauliflower, endive, escarole, lettuce, poppers, radishes, turnips, Florida spinach, medium yellow onions, turnips and vine-ripened tomatoes.

Good buys are artichokes, bunched beets, carrots, various cooking greens, parsley, mushrooms, peas and squash.

Best bets among fruits are Macintosh and Cortland apples, Florida temple oranges, California navel oranges, tangerines, grapefruit and pineapples. Good buys are delicious apples, avocados, limes and small pears.

Teachers Plead Guilty to Count On Delinquency

SALMON, Feb. 16 (AP) — Two high school teachers pleaded guilty yesterday to charges of contributing to the delinquency of students, one of whom was accused of taking pot shots with a .22 caliber rifle at a low-flying airplane.

Probate Judge Irvin Robertson fined Leonard Parentau, 24, \$100, sentenced him to 30 days in jail and ordered that he show cause within 30 days why his teacher's certificate should not be revoked.

The judge fined the other teacher, John D. Merrick, \$75 and released him. Merrick said he was asleep at the time.

Officers said the teachers later were tight-lipped about the affair and they therefore filed the charges, feeling that teachers in charge of students ought to set good examples by telling the truth.

The teachers and students are from Lendore. The students range in age from 14 to 17 years. Their names were withheld by the judge at this time. In accordance with his legal prerogative, but one of the four was directed to appear before him tomorrow.

Mayor Egan Is Loser in Illinois Vote

AURORA, Ill., Feb. 16 (UPI) — Mayor Paul Egan, who sprang from a defunct weekly newspaper into national headlines in eight years at city hall, lost his two-term vote hold on Aurora yesterday to a 68-year-old retired schoolteacher.

Jay L. Hunter, favorite of civic groups opposed to Egan's strife-ridden administration, polled 12,007 votes to Egan's 2,847 in an official primary balloting that brought out 20,850 of the city's 34,811 registered voters.

The two men will meet again April 4 in a runoff election. However observers said Hunter's four to one edge left Egan little chance to repeat his 1957 coup when he overcame a 1,000-vote primary deficit to win a second term.

2 Are Sought For Theft of Doctor's Bag

Twin Falls police were seeking two men Wednesday night in connection with the theft of a physician's bag. The bag was recovered Wednesday afternoon but two vials of narcotics were missing, police reported.

A local hotel operator contacted police Wednesday afternoon to complain that two men had left the hotel without paying a \$15 rent bill.

Investigation revealed the two had left a doctor's bag in the room. Officers believe the bag to be that stolen Saturday from Dr. W. M. Peterson, 206 Eighth avenue north.

Dr. Peterson reported the bag contained doctor's instruments and vials of heroin and demerol, both narcotics. Officers said Wednesday evening the medical instruments apparently were not disturbed.

The two signed the hotel register with the names James Yarbrough and Robert Myer.

Yarbrough is described as a white male, approximately 25 years old, five feet, eight inches tall, weighing 140 pounds, with medium brown hair, wearing a black tweed suit coat and bareheaded.

Myer, a white male, is approximately 25, five feet, 10 inches tall, weighs approximately 165 pounds, is bareheaded and was seen last wearing a brown overcoat.

Youth Agency Problems Are Eyed at Meet

BOISE, Feb. 16 (UPI)—Two committees of Idaho's legislature tackled the tangled and sometimes controversial problems of child welfare and youth rehabilitation yesterday with pledges of cooperation from the two major agencies involved.

Members of the state board of health and the state board of education appeared before a joint session of the house public welfare and public assistance committee and the state affairs committee to discuss proposed changes in the administration of the state industrial training school.

Commission Asked

At the same time a bill was introduced to establish a children's commission to study the problems of child welfare and another measure to provide for study of the problems of retarded and handicapped children passed the house.

The industrial training school is now under the supervision of the board of education, but the board of health is responsible for the commitment of wayward youngsters to the school.

A bill has been introduced in the house which would shift the administrative responsibility for the school from the board of education to a board of trustees dominated by the board of health.

Alternate Bill Offered

Probate Judge W. E. Smith Boise, chairman of the legislative committee of the Idaho Probate Judges association, has offered an alternate bill. It would create a trustee board composed of representatives of the board of health, education and corrections, and the employment security and public assistance departments.

Smith said the problems of youngsters involve the functions of all the agencies and they should be represented on the trustee board.

Cars Collide

An accident in the parking lot of the Penny-Wise Drug store, 1211 Filer avenue east, at 5:40 p.m. Wednesday, caused \$375 damage to the two vehicles involved, Twin Falls police reported.

Drivers were identified as Mack Maupin, 42, 1640 Willow lane, and Janet Call, 17, 1540 Borah avenue east. No citation was issued.

During the day-and-night-training in the field, live ammunition will be used to the greatest advantage, Colonel Elliott said. Second week of the training will be firing of tank guns, howitzers, machine guns and mortars.

Units of the 116th armored cavalry regiment, Idaho army national guard, including eight units from Magic Valley, will undergo annual summer training June 3-17 at Gowen field near Boise.

Announcement of the annual training period was made by Col. Edward Elliott, Burley, regimental commanding officer. The two-week active duty training is mandatory for members of guard units. Regimental headquarters is located in Twin Falls.

Units of the regiment in the valley are at Rupert, Burley, Hailey, Gooding, Jerome, Buhl and Twin Falls (two). Again this year, four days of the period will be spent on bivouac during which platoon tests will be held under simulated combat conditions.

During the day-and-night-training in the field, live ammunition will be used to the greatest advantage, Colonel Elliott said. Second week of the training will be firing of tank guns, howitzers, machine guns and mortars.

BURLEY, Feb. 16—Vernon F. Jolley, army specialist four, son of Mr. and Mrs. Ferrell Jolley, Burley, participated with the 50th medical battalion in exercise Winter Shield II at the Grafenwoehr-Hohenfels training area in Germany.

Harding pointed out that these appointments are to fill the remaining vacancies not filled by former Buhl employer, is not expected to be prosecuted for the crime. Twin Falls county Sheriff James H. Benham said Wednesday.

The man, Dennis Hicks, contacted Twin Falls police late Tuesday night and announced he wanted to "surrender" to a plainclothesman. A Twin Falls city detective picked Hicks up in front of the City Cafe, 125 Main avenue east.

When police discovered the alleged forger had been committed in Buhl, Hicks was turned over to Deputy Sheriff D. L. Cain, who booked him overnight for investigation.

Wednesday, Hicks was taken to Buhl, according to Sheriff Benham. The employer, not identified by officers, said he would not sign a complaint if Hicks would make restitution.

Hicks indicated he would make good the check, Benham said Thursday.

NEW YORK. Feb. 16 (UPI)—Stocks achieved their third consecutive advance on heavy volume today but the going was not easy.

Steels, motors, chemicals and national defense shares had fairly good support while the profit-taking pattern appeared in many other sections of the market. Inland, Carpenter, U. S. Steel and Allegheny-Ludlum were among the better steel issues, Ford and GM added fractions in the motors, DuPont was a strong spot in the chemicals, American Telephone advanced on its rights offerings and North American moved ahead well in the aeronautics.

Texas Instruments softened in the late dealings, ending lower but Motorola and General Precision were ahead sharply.

Alcoa moved around one in the aluminum. National Gypsum and the auto stocks, Coca-Cola was strong in the soft-drink makers, Corning Glass, based in the building materials and Norfolk and Western gave up more than point in the rails.

Brokers said the list was experiencing difficulties as it approached the 500 level in the Dow-Jones Industrial. This was the June "recovery" high after the market's downturn early in 1960. Technicians said they looked for a period of rest or even "correction" if this level was not penetrated decisively.

(Morris photo—staff engraving)

Barbara Smith, Knudson Marry In Church Rite

FILER, Feb. 16—Wedding vows were exchanged Sunday afternoon in the Twin Falls Methodist church by Barbara Annette Smith, daughter of Mr. and Mrs. Horace Smith, Filer, and Marvin Kent Knudson, son of Mr. and Mrs. Art Knudson, Twin Falls.

Candelabra decorated with red bows and baskets of red satin hearts, large white chrysanthemums and red carnations tied with red bows formed the background for the double ring ceremony solemnized by the Rev. Mervyn Shay, minister of the Filer Methodist church.

"Tell Me Why," "O Promise Me" and "The Lord's Prayer" were sung by Dale Williams, accompanied at the organ by Mrs. Jay Cobb. The prelude and wedding march were played by Tom Holter.

Escorted by her father down an aisle marked with red satin bows, the bride wore a floor-length gown of Chantilly lace with three-quarter length sleeves and guipure neckline edged with seed pearls.

For a brief wedding trip to Sun Valley, the new Mrs. Knudson wore a blue wool dress with a white orchid corsage. The couple will be at home at 1008 Hillview drive, Salt Lake City.

The bride was graduated from Filer high school and Link's School of Business, Boise. The bridegroom was graduated from Castleford high school and served six months with the national guard at Ft. Ord, Calif. He is attending school at Salt Lake City.

A reception for 400 guests was held in the Fellowship hall after the ceremony. The bride's valentine theme of red and white was carried out in the decorations.

The tables were covered with vinyl flourishes and decorated with braided red satin hearts and tiny white nosegays with bouquets of

Care of Your Children

By ANGELO PATRI

There comes a time in the life of every child when he wants to spend the night with his best friend. This is one of the first indications of a child's feeling of growing up. He is answering his inborn instinct to get off on his own, free himself from home and its control. He does not want to sever all connections with his home and family. Just wants to try out this new experience, knowing that he can get back home any time he wants to, certainly the next morning.

The invitation for such a visit should be granted if the two families are well acquainted. When a child has been going in and out of a neighbor's house since early childhood, has been welcomed there, it can be considered safe to accept the overnight invitation.

Nothing pleases little girls more than to spend a night in each other's home. Packing the overnight bag is in itself a thrilling experience. What to put on, what must be left behind, all very exciting and also very informing. The experience boy or girl meets in a home other than his own are bound to enlarge their circle of understanding. They discover there are more kinds of cereal than they knew, new and tasty dishes they enjoy, new programs on the television and radios, or the music on the record player is different. All this has its impact

on the young visitor.

There there is the pleasure of telling about the visit. One little girl who had been invited to a birthday party and an overnight stay said upon her return home, "Mother, the tablecloth was shiny, beautiful—and flowers, beautiful—and the ice cream, beautiful. Why can't we have tablecloths like that?"

"They don't use them every day, Betty. Only for parties. You'll have a pretty table on your birthday when it comes."

"Oh," said Betty.

A small boy on his return from such a visit studied his mother for what seemed a long time for him to study anything or anybody. Finally he said, "I like Tip's mother fine. She's pretty. But I like you best because you speak good."

"Speak good? What do you mean, son?"

"I guess it's how you talk, kinda slow and not loud like."

"I'm glad you like me anyway. And I want to tell you something we are talking about it. You won't tell anybody outside anyone, you heard or saw in Tommy's house, will you? That would not be right. When you visit you are honor bound not to tell tales right?"

"Right," said he. "But I did like the jelly roll, Mom."

"Oh, that's all right. Just tell the good things, that's all."

TIMES-NEWS, TWIN FALLS, IDAHO

Miss Duerig and John Miller Wed In Glens Ferry

GLENS FERRY, Feb. 16—Candlelight services at 4 p.m. Sunday, Feb. 5, at the Vaughn O. Durfee home here, united in marriage Dae Ann Duerig, daughter of Mrs. Durfee and J. C. Duerig, Los Angeles, Calif., and John Edward Miller, son of Mr. and Mrs. Jack C. Miller, Wendell.

Jack Jennings, pastor of the Wendell Presbyterian church, performed the ceremony. A background of lighted tapers and pale pink-and-white-carnations was arranged around an improvised altar covered with a hand-drawn white table cloth which had been a gift at her maternal grandmother's wedding. Forty friends and relatives witnessed the rites.

For her wedding the bride chose a street-length white embroidered sheath dress with an overskirt of white organdy. Her shoulder-length veil was held in place with a cup of seed pearls. She carried a white prayer book on which was placed a tiny bouquet of pink rosebuds and ivory stock. Individual blooms from the stocks were formed into streamers and interspersed the cascading white satin ribbons from the prayer book.

Maid of honor was Kathleen Golcochea, Gooding, cousin of the bride, who wore an ivory-brocaded sheath dress and carried a bouquet of pink carnations.

Tiny Bellinda Cheslik, Gooding, another cousin of the bride, scattered flowers before the bride as she was escorted to the altar by Durfee, who gave her in marriage, Bellinda's brother, Mark, a ring bearer.

Donald Miller, brother of the bridegroom, was best man. Tapers were lighted by the bride's brother, K. C. Duerig, and cousin Duane Duerig, Jim Bennett, Hagerman, cousin of the bridegroom, sang "O Perfect Love," accompanied by Mrs. Deloris Cheslik, Gooding, aunt of the bride, who also played the wedding marches.

The five-tiered wedding cake was topped with miniature bride and bridegroom figurines encircled at the base with pale pink carnations and greenery and flanked by white tapers in pale pink holders. Mrs. James Bennett, Hagerman, served the cake and Mrs. Phillip Golcochea, Gooding, aunt of the bride, presided at the silver service during the informal reception after the ceremony.

Kathy Starky was in charge of the guest book and Billie Shrum and Leona Powers, were in charge of gifts.

Out-of-town guests included the bride's grandmothers, Mrs. Mattie C. Knight, Gooding, and Mrs. Florence S. Durfee, Mountain Home. Grandparents unable to attend were Mr. and Mrs. Glenn T. Duerig, Los Angeles, Calif.

Others from out-of-town, besides the bridegroom's parents, included Mr. and Mrs. J. C. Miller, Rupert; Mr. and Mrs. E. J. Bennett and Mr. and Mrs. James Bennett and family, all Hagerman; Myron Knight, Twin Falls; Mr. and Mrs. Dan Knight and family, Gooding, and Verona Durfee, and Renee Duerig, Los Angeles, Calif.

Verna Wilson Is Wed to Sherrets In Home Rituals

In a candlelight ceremony Saturday evening at the home of her parents, Mr. and Mrs. Gerald V. Wilson, Verna Wilson was united in marriage with Jerry Sherrets, son of Mr. and Mrs. Chester Sherrets.

Vows were recited in the presence of members of immediate families before an arch decorated with yellow and white roses. The single ring ceremony was performed by the Rev. Raymond Smith, pastor of the East Heyburn Nazarene church, assisted by the bride's brother, Jerry C. Wilson, a student at Northwest Nazarene college, Nampa, who is studying to be a minister.

Given in marriage by her father, the bride wore a white silk brocade street-length dress with elbow-length white gloves. Her waist-length veil was secured by a pearl heart crown accented with sequins. She carried a white Bible with a bouquet of white and yellow feathered chrysanthemums centered with a silver heart and matching yellow and white streamers.

Barbara Mitchell attended the bride as maid of honor. She wore a yellow street-length sheath dress and carried a bouquet of white and yellow carnations.

Gerald Campbell, uncle of the bridegroom, served as best man. Terry Wilson, brother of the bride, lighted the tapers.

The bride's mother chose a blue knit sheath dress with matching accessories. The bridegroom's mother selected a beige ensemble with orchid hat and beige accessories. Their corsages were pink and white carnations.

The yellow and white color

theme of the bride was carried out in reception decorations. The white lace-covered refreshment table featured a tiered cake pedestal in white with yellow rose trim and a miniature bride and bridegroom under a lily-of-the-valley arch, yellow tapers and arrangements of daffodils and jonquils.

Each place setting featured a miniature crown nut cup and American flag placecards. Gold tapers in crystal holders completed the table arrangements. Mrs. Jewell and Mrs. Easton were in charge of the dinner and Mrs. Hart, table decorations.

The opening thought was given by Mrs. Hart and lines were formed with Mrs. Bradshaw receiving the honor as acting reviewing officer. It was reported 48 house and hospital calls had been made on all members, 35 cards sent, 40 hours served at the hospital with patients and two funerals attended.

Mrs. Hart gave the yearbook committee report and Mrs. Biswell the publicity report. An invitation was accepted from Wood River Valley No. 22 lodge. TWIN FALLS HOSTS IDAHO FALLS, POCATELLO ON WEEK-END

Declo, Bellevue Eye Loop Championships in Last Big Slate of High School Play

Declo and Bellevue zero in on league championships this week-end as Magic Valley teams go through the last major schedule of the year. Only the Southside conference teams in the class A level have any games after Saturday. The remaining five games will count in the triple A Big Seven conference. The week-end will provide the last tune-up for 13 teams before district competition opens on three sites next week. Both

Declo and Bellevue already have clinched ties for their respective league titles. The Hornets run into the team that has the only mathematical chance of catching them when they host the Hagerman Pirates at Declo. Declo can afford to lose this one as it has a two-game bulge over the runner-up Pirates but the Hornets also are jealous of an unbeaten record in loop play. Declo 8-0 while Hagerman is 6-2.

Bellevue put off its chance to clinch the title until the last day of the season. The Bulldogs, leading the conference with a 10-1 mark, will host the Bliss Bears in this one Saturday.

Meanwhile, the Minico Spartans, just one game away from clinching at least a share of the Big Seven conference title, try to lock it up when they travel to Buhl. The home-standing Indians are capable of stopping the Spartans Express but will have to put together four good quarters to do it.

Second-place Burley, riding one game off Minico's pace, will be at Filer when a win is a must if the Bobcats are to keep their title hopes alive. The third Big Seven game finds the Jerome Tigers meeting the resurgent Gooding Senators.

The Little Six conference goes through its last week-end with the third and fourth spots the only ones that could be changed.

The unbeaten champion Glenn Ferry Pilots go after a clean sweep of the season at Wendell, but that game falls on Saturday night. The Pilots step out of the conference play to entertain Mountain Home Friday night.

Other Friday loop games find the third-place Kimberly Bulldogs hosting the runner-up Valley Vikings. A Kimberly win would clinch third place for coach Bob Good's crew. Halley and Shoshone will battle it out for fourth spot for sure and possibly a share of third place if Kimberly stabs it to. This one will be played at Shoshone.

In addition to the Southside feature game, the schedule finds the fifth place Hansen Huskies hosting the winless Raft River Trojans while Murtaugh will entertain the Castleford Wolves in an effort to share the third place finish.

The Northside conference finds the Gooding State Panthers, flushed with their first victory in four years Tuesday night, hosting the Camas County Mushers. The Mushers are a cinch for third spot while Gooding State will be trying to leave the cellar. Carey's fifth-place Panthers will travel to Dietrich.

Saturday night finds the Burley Bobcats hosting the Oakley Hornets in the only triple A game. Glenn Ferry is at Wendell and Elias is at Bellevue. Shoshone and Castleford meet at Castleford in a non-conference battle.

Game Tonight

HAZELTON, Feb. 16 — The Valley Vikings will host the Murtaugh Red Devils in a non-conference basketball game tonight.

The Red Devils will be seeking revenge for a 56-51 defeat in the season opener between the two teams.

Salmon Will Be Put in Columbia

PORLTND, Feb. 16 (AP) — Fish hatcheries in the Columbia river system are paid feeding 32 million newly hatched Chinook salmon and will release them into the river in 90 days, the department of Interior said Wednesday.

A spokesman for the department said the release is designed to "eventually increase the fish for sport and commercial fishermen and to enhance the chance of perpetuation of the Columbia river runs."

An additional one-million-silver salmon fingerlings also are being pond fed, and they will be released in about a year.

Baldwin's Looks Good in Opener Of Outlaw Meet

GOODING, Feb. 16 — Highly-regarded Baldwin's of Idaho Falls and Mountain Home air force base came through with first round victories to set the pace in the opening day of the 34th annual Gooding Lions Outlaw Meet.

A 23-game winning streak along with a number of other prime high school basketball attractions goes on the line this week-end when the Twin Falls Bruins host the Idaho Falls Tigers and Pocatello Indians in their seasonal wrap-up. The Bruins, who have lost a starter to injuries, are given little chance of keeping their 23-game home court streak alive as their opponents for the week-end figure to be the No. 1 and 2 teams in the state. Twin Falls has never lost a home game under coach Ollie Butler and picked up three at the tail-end of the 1958 season. Pocatello was the last visitor to win on the Twin Falls court.

The highlights of the week-end are numerous. Coach Butler will be making his farewell season appearance here as his resignation was accepted earlier this week.

However, the young mentor is hopeful of bringing his charges back to the home court for the final week-end of the district tournament.

Glen Ferris, with the Bloom and Shirra boys again combining their talents, knocked off Valley Sporting Goods, Twin Falls, 53-47.

Glen Ferris, getting yeoman rebounding work from Paul Shrum, had to battle from behind to nipp Valley Sporting. The Twin Falls crew, winners of the Twin Falls city adult basketball league, bounded away to a nine-point lead midway through the third quarter but couldn't hold it.

Play continues through Thursday afternoon and evening. The evening lineup will pit Valley Sporting against 16th Ordinance at 7 p.m.; Glen Ferris against Starlite at 8 p.m.; Faux against Valley Nursing at 9 p.m., and Pocatello's against Mountain Home air force base at 10 p.m.

Completion of the first round is slated to begin at 1 p.m. with the lineup including Fairfield against Aberdeen Blg V's; American Falls against troop one, Gooding; Sav-Mor drug, Gooding, against defending champion and favored Hagerman, and Linnfield Deltas against Circle Bar, Bliss.

Starlite 16-11, 16th Ord. 20-14, Total 36-25.

Allen Sanderson, 6-foot, 2-inch forward, will not compete in the season finale. The team's fourth leading scorer with 148 points, Sanderson has been shelved by a bone bruise and cut sustained in the game with Borah last week.

Coach Butler has made a few personnel changes in positions in an effort to fill in for Sanderson's absence and play his men at their best positions. Sorenson may be moved from the center spot to forward with Bill Jenkins moving into the tall man's world.

Sophomore Doug Schow, the high scorer on the sophomore club this season, also is expected to get his first taste of varsity action sometime during the week-end.

With this whirl of glamour surrounding the setting, coach Butler promises the Bruins will be battling as if they were still in title contention. A pair of losses last week in the Boise valley evened Twin Falls at 5-5, hopelessly behind the 10-1 mark of Pocatello.

"We expect to give both of these teams a good run for their money. We may be shy in height but we certainly won't be lacking for hustle," he predicted. "I feel that with hot nights we could take both games. I certainly don't think Pocatello can handle us as easily this time as it did down there."

Twin Falls lost 58-49 to Idaho Falls and 65-50 at Pocatello.

23-Game "at Home" Win Streak Is Threatened by Top Two Teams in League

A 23-game winning streak along with a number of other prime high school basketball attractions goes on the line this week-end when the Twin Falls Bruins host the Idaho Falls Tigers and Pocatello Indians in their seasonal wrap-up. However, the young mentor is hopeful of bringing his charges back to the home court for the final week-end of the district tournament.

And during the two-day series, Twin Falls fans will have the opportunity to see the top five scorers in the Southern Idaho conference.

Another highlight will be Gary Cook, a great box office attraction in himself. The 6-foot, 7-inch Cook is tearing up the league scoring book. He is first with Twin Falls' Chick Cutler in second; Brent Brimhall, Pocatello, third; Bob Sorenson, Twin Falls, fourth, and Stratton, Pocatello, fifth.

Pocatello will field one of the tallest teams ever seen on the local court.

The final highlight will be the farewell performance of the top 10 Twin Falls players, all seniors.

Allen Sanderson, 6-foot, 2-inch forward, will not compete in the season finale. The team's fourth leading scorer with 148 points, Sanderson has been shelved by a bone bruise and cut sustained in the game with Borah last week.

Soviet Congo Moves Scare Small Nations

By J. M. ROBERTS
Associated Press News Analyst
The Soviet Union has thrown a war scare into the Congo crisis, is attacking the United Nations, and by those acts may lose permanently the support of many of the newly emerging nations which she hoped would help advance her cause.

The clarity with which she called the pro-communist Antoine Giscard group the legitimate government of the Congo, thus providing her with a technical basis for a Laos-type military airlift if she chooses, has disturbed everyone who hoped to smooth over the Lumumba crisis without a chaotic civil war. And the smaller nations do hope for this.

The break in relations with Secretary-General Dag Hammarskjold of the United Nations, and the attempt to scuttle the entire U.N. operation in the Congo, runs agaiinst what most of the nations have already voted in favor of, and threaten the focal point around which they believe their security revolves.

India, which frequently ignores western policy, is a powerful leader among these countries which, however naively, wish just to be let alone.

One of the most significant products of the Soviet actions on Tuesday was the immediate expression of disapproval by India. Instead of withdrawing the U.N. force from the Congo, India said it should be strengthened along with the whole U.N. policy. Its Congolese troops should be disarmed and foreign elements eliminated, said the Indian ambassador to Washington, adding, "It should only be done in the U.N."

Minister Says Reds Causing Congo Strife

WHEATON, Ill., Feb. 16 (UPI)—A newly returned Baptist missionary to the Congo today described terror and thought control techniques communist-inspired natives employed to spark violence in the African nation.

Soviet Russia in turn used the campaign-soley-to-play-the-strife-torn Congo situation to her own advantage, the Rev. Harold Salseth said.

87 Leave Missions
The Rev. Mr. Salseth, who returned to the United States from his mission post yesterday, said anti-white nationalism sweeping Kivu province along the Congo's eastern border adjoining Uganda "certainly is communists-inspired."

The missionary, accompanied by his wife and three children, were among 87 missionary members who left Kivu as the constant danger of physical violence increased.

"Many of the missionaries stopped here at the headquarters of the conservative Baptist Foreign Mission society to report on the Congo situation.

Lumumba Troops Blamed

The Rev. Mr. Salseth, Woodville, Wis., indicated the province was peaceful until soldiers of the late Premier Patrice Lumumba moved in from their stronghold at Stanleyville in Oriental province.

"They started a campaign that we (the white) were all liars, and that we couldn't tell the truth no matter how much we tried. They said we ought to get out of the country," the missionary said.

For the spring, Mrs. Danner plans a farm trip, train ride and other outdoor activities for the children. The past several weeks students of the high school home economics class have been participating in the kindergarten work, observing and doing practice teaching. The girls are graded by Mrs. Danner as a part of the home economics assignment.

New Telephone Directories Distributed in Valley Area

Distribution of an estimated 25,000 new telephone directories, with approximately 11,500 of them going to Twin Falls residents, started Tuesday and should be "wrapped up" Thursday, according to a Mountain States Telephone company source.

Frank Dillon, Salt Lake City, Western division production supervisor in charge of delivering the new editions, said anyone not receiving the new directory by Thursday should call their local telephone company business office and one will be delivered.

Engineers' Meet Held in Jerome

JEROME, Feb. 16 — A potluck dinner highlighted a meeting of the South Central chapter of the Idaho Society of Professional Engineers Saturday evening in the Jerome American Legion hall.

A color film, "The building of the Glen Canyon Bridge," was shown following separate business meetings by the engineers, led by Joseph Huckabee, Burley, president, and the women's auxiliary, under the direction of Mrs. Robert Atwood, Burley, president.

Sixteen couples attended the dinner, with tables decorated in a valentine motif.

JACK WHITING DIES

NEW YORK, Feb. 15 (UPI)—Song and dance man Jack Whiting suffered a fatal heart attack while watching television with his wife, Beth, yesterday.

Dillon said he could not estimate exactly what the new directories cost, nor just yet, whether listings had risen or fallen since the last edition appeared Dec. 2, 1959.

The new books have a colorful cover depicting a line of industrial and skyscraper-type buildings. The left section of the picture apparently is a night scene, with a star studded sky overhead, the remainder apparently a daytime view.

The last directory had a picture of an Arizona cactus featured on the cover. The cactus readily adapted to an "Idaho cactus" for the cover, Dillon said. Covers are prepared by telephone company artists.

Directories are printed by a Denver firm, Dillon added. The type forms for the printed pages are kept current with weekly additions and deletions of subscriber's names, he said.

Distribution is handled by the Product Development company, Seattle, with actual field distribution in the area handled by local help. Approximately 20 persons are employed in Twin Falls to distribute the books. Approximately 60 are used in the entire Magic Valley area.

The committee represents all vegetables except potatos. The group deal with the research end of plant breeding, genetics and marketing. Opinions are obtained from the advisory committee as a part of the "grass roots" of the department of agriculture, Morgan states.

The reports made by the committee are confidential and in turn are part of the federal budget, he says.

BURLEY, Feb. 16 — The Cassia county school district has purchased two 54-passenger and four 66-passenger school buses and delivery is expected this summer, it was reported at a meeting of the school board held in the central school office of the courthouse Monday evening.

The buses will be paid for out of next year's funds, according to Ray Bohart, clerk of the board.

Dial System's Change-OVER Set Saturday

BURLEY, Feb. 16 — The planned change-over to the new dial system here was postponed on schedule at mid-morning Saturday, reports Lyle Evans, manager of the local office of the Mountain States Telephone and Telegraph company.

The committee represented all vegetables except potatos. The group deal with the research end of plant breeding, genetics and marketing. Opinions are obtained from the advisory committee as a part of the "grass roots" of the department of agriculture, Morgan states.

The reports made by the committee are confidential and in turn are part of the federal budget, he says.

Directors have been made to all subscribers during the past few weeks explaining the new dial telephones. Representatives of the company also have visited various civic groups in an effort to familiarize the public with the dial system.

New directories listing all the new numbers are being delivered this week. The new directory also includes complete instructions on how to dial telephone numbers for Buhl and Castleford, reports Evans. There still will be a direct tie with Buhl and Castleford subscribers, he noted.

The new dial telephone numbers for Buhl and Castleford will consist of seven numerals. All Buhl numbers will begin with 543, followed by four other numerals and Castleford numbers will begin with 531 plus the last four numerals.

In reviewing the history of the local company, Evans pointed out the telephone exchange was founded in Buhl about 1906 boasting 26 subscribers and was located in the Citizens State bank building, now known as the Griffin building.

Evans reported the company was started here by a group of Twin Falls businessmen in conjunction with the Rocky Mountain Bell Telephone company. The number of subscribers in 1907 increased to 62.

One of the first individual subscribers and also instrumental in getting the telephone exchange founded was Bob Hayes. Among the first business subscribers were Heiss Investment company and Northside Canal company, Twin Falls.

In 1912 the Mountain States Telephone and Telegraph company purchased the company from the Rocky Mountain Bell company. Evans noted all the outside work was done at that time by horse and

Project Decided By FFA Chapter

SHOSHONE, Feb. 16 — Funds for the Future Farmers of America at the local high school will be raised by a special project. Members decided at their meeting this week to sell tractor seat cushions.

Committee reports were given by Ed Sandy, on supervised farming, and Charles Depew, reported on leadership. A report was given on a picture-taking tour at which all of the member's projects were photographed for the chapter scrapbook.

Kenneth Moore and Ed Sandy were elected delegates to a district meeting at Shoshone the night of the parliamentary contest.

Lyle Evans, manager of the local office of the Mountain States Telephone and Telegraph company.

The business office of the local company moved last Saturday into the new building located on 124 North B Street, next to the old telephone building. All new telephone numbers have been distributed and customer education calls have been completed, reports Evans.

It was felt by the board that the work of the architect and fiscal agent would require that much time before a complete report could be given. In January the board met the architect, firm of Wadland and Clifft, Boise, to draft plans for remodeling and construction and engaged J. A. Hoole and company, Salt Lake City, as fiscal agent.

General Lakeness reported the General Casualty Insurance company of America going out of the boiler insurance business and stated the boiler insurance policy of the local school district, which will expire with this company July 11, 1961.

Lakeness urged the board to replace the policy with the Hartford Boiler Insurance company and also urged members to consider in

Woman Faces Check Charge

BURLEY, Feb. 16 — Mrs. Margaret Mills, 52, Oakley, was bound over to district court after a preliminary hearing before Probate Judge Vern Carter Tuesday afternoon on the charge of obtaining possession of money and property by false and fraudulent pretenses.

Her bond of \$750 was not posted and she is in the Cassia county jail.

The complaint was signed by Charles Balch, manager of the J. C. Penney store, Burley. It is alleged she attempted to cash a \$150 check made out to herself and signed by Charles Brown, the complainant was signed by R. G. Harper, Oakley marshal.

Judge Carter stated that the court appointed Herman Beck, local attorney as a legal guardian for Brown, who is now back in the Burley nursing home.

Her husband, Willard Mills, 56, who is in the Cassia county jail on a check forgery charge appeared before District Judge Edward Heap Monday for sentencing, but sentencing was postponed by the judge for further investigation.

Mills allegedly issued a check for \$15 to himself and forged the name of Charles Brown. The complaint was signed by R. G. Harper, Oakley marshal.

In breaking down the budget as approved Monday, the current expense fund was set at \$66,897.39; school fund at \$125,000; teacher's retirement, \$4,857; pest control, \$700; memorial, \$600; indigent, \$12,500; weed control, \$35,000; hospital, \$11,000; and state fund, \$55,000.

Current expense fund is composed of all the officers and county expenses. For the sheriff's department, the budget is \$2,644.22, while the county auditor's budget is \$40,496.88; the assessor's, \$11,529.20; treasurer's, \$6,450; prosecuting attorney, \$6,430; probate judge's, \$7,136.65; coroner, \$282.76; county physician, \$1,020; county nurse and public health, \$5,091; county agent, \$5,344; district court and law library, \$3,700; justice court, \$2,25; county commissioners, \$2,885; supervisor, \$3,869; prisoner's board, \$1,000; commissioners' stipend, \$45,000; reserve for contingencies, \$1,000, and courthouse and roads, \$7,100.
